

## Need some help **STARTING** a Colt? Or a **RE-FRESHER** Course for your current Partner?

Local trainer Rob Kroeger will soon have a couple of openings. He approaches Natural Horsemanship through patience, kindness, knowledge and communication, evaluating each horse individually. Getting back to basics and building on foundation training allows Rob to identify and focus on issues that might not be visible on the surface but are causing a disconnection between horse and owner.

Specializing in colt starting, problem solving or simply in need of a re-start for the older horse, Rob's professional experience helps both horse and rider develop the tools and skills needed to successfully build a trustworthy partnership.

Located 18 kms Southwest of Millarville, Wareabouts Training Stables is situated next to Kananaskis Country. There is a variety of terrain for both young and older horses to experience while they are working with Rob.

If you are interested in contacting Rob, please visit the Wareabouts website <http://wareabouts.ca/train/train.html> or directly at the barn (403) 931-3788.
